Subject: Sage-Grouse Bi-State Distinct Population Segment Carson City Field Office Consolidated Resource Management Plan and the Tonopah Field Office Resource Management Plan Amendment, Nevada

To: "blm_nv_ccdowebmail@blm.gov" <blm_nv_ccdowebmail@blm.gov>

Biodiversity is the key to the protection of life for future generations, and ourselves. Please take a moment to look into the importance of leaving a healthy habitable home for all. DO the right thing, vote to protect biodiversity, in every vote you make for the people, and life.

Thank you,

Michelle L Szpakowska- Ochoa
